ORANGE COUNTY POWER AUTHORITY
YOUR CLEAN ENERGY CHOICE

Up to **$250** Reimbursement
APPLY BY 12/1

Become a Certified Home Energy Score Assessor

Orange County Power Authority (OCPA) is supporting local workforce capacity by recruiting residential building and energy professionals interested in becoming Home Energy Score (HES) Assessors. Interested? Apply for training reimbursement through OCPA!

WHAT DOES AN HES ASSESSOR DO?

1. **Conduct in-home energy assessments**
2. **Collect information about the home's construction and energy systems**
3. **Generate a Department of Energy (DOE) HES**
4. **Provide recommendations and estimated savings**

WHY BECOME AN HES ASSESSOR?

- **Grow business by adding a nationally recognized DOE-backed service to your credentials**
- **Provide trusted guidance to improve home comfort and energy performance**
- **Advance energy efficiency and electrification in Orange County**
- **The potential to receive compensation through participating HES programs, including Home Energy Score California**

WHO SHOULD APPLY?

Home Inspectors	Construction and Remodeling Professionals
Home Energy Rating System (HERS) Raters	Solar, Battery and Electrification Professionals
HVAC Professionals	Residential Energy Professionals

HOW TO BECOME AN HES ASSESSOR

1. Obtain an eligible minimum qualification with up to $250 reimbursement from OCPA
2. Complete HES online training and a mentored assessment at no cost through Home Energy Score California

WHAT OCPA OFFERS

1. Applicants may receive up to $250 reimbursement toward obtaining an eligible minimum qualification needed to begin the HES certification. Visit the U.S. DOE website to see a full list of the eligible credentials
2. Support connecting with an Home Energy Score California training provider
3. An opportunity to join OCPA's HES professional network and participate in future residential audit-related opportunities

SERVICE AREAS

To be eligible for OCPA reimbursement, applicants should currently serve, or be willing to serve, **Buena Park, Fullerton, Irvine, Fountain Valley and other Orange County** communities.

IMPORTANT NOTES

Participation does not guarantee reimbursement or future work.

Reimbursement, if approved, is limited to up to $250 per selected participant and is subject to completion of applicable requirements and OCPA approval.

HOME ENERGY SCORE DETAILS

Home Energy Score CALIFORNIA

A **Home Energy Score Assessor** collects information during a home inspection walk-through and scores the home on a scale of 1-10.

*A score of 1 indicates the home needs **extensive energy improvements.***

*A score of 10 indicates the home has **excellent energy performance.***
